MILLIONAIRES JOIN RANKS WITH PAUPERS

Democratic Response to Lord Kitchener's Appeal Brings Out All Classes.

LONDON, May 25 (by mail to New York).—The democratic response within the past two months to Lord Kitchener's appeal for recruits was illustrated today in a report from a training camp not far from London. One regiment, typical of others in this camp and other newly formed camps, contains men of the civil ranks from millionaires to paupers all working together in perfect accord.

In this regiment the major was a school teacher. The captain, before enlistment, operated a moving picture theater. Three of the lieutenants are millionaires. One comes from a family operating great cotton spinning machinery in Glasgow. Another is a member of the best known firm of jam makers in the United Kingdom, and the third is of a family that for generations has made England's safes and locks. A score of minor officers are well-to-do London business men. A half-dozen privates left incomes running into four figures a year to accept the King's shilling. A day. There are artists and painters. There is a sculptor famed in London who is running into four figures a year. Long hours each day this sculptor works the brush on statues and carvings. His annual income was thousands of dollars per year. Today he pockets \$2.68 a week. In a few weeks more he will march away with his comradely comrades to shoot at the Germans.

The schoolteacher-major of this regiment has presented his men with football. He himself referees the game while picked teams, composed of officers and privates alike, spend hours of spare time at play.

Messenger Boy Test Will Be Held June 25

Ambitious Washington boys who wish to enter the Government service will have their opportunity June 25, when the Civil Service Commission will hold a competitive examination for messenger boys in the departmental service in this city.

All applicants must be between the ages of sixteen and eighteen. Appointees will not be eligible for promotion to the appointed departmental service.

BEAUTY SPECIAL OFF FOR GOLDEN WEST

Miss Ruth Purcell Among Happy Girls Speeding Toward Ex- positions and Universal City.

CHICAGO, June 7.—Carrying Westward a consignment of beautiful girls, the "Universal Beauty Special" is en route today to the two expositions and Universal City, California.

The special train of beauty winners in the recent contest conducted by various newspapers and the Universal Film Company left Chicago last night with nearly fifty winners aboard. The successful contestants in the States of the Far West will join the special en route to San Francisco.

Miss Ruth Purcell, winner of The Washington Times contest, is among the happy girls on the wonderful journey and appears to be enjoying every minute of the time.

Hundreds of persons were at the station last night to see the "Beauty Special" off, and a band played "Good-Bye Ladies" as the train pulled out. Citizens of Chicago took the winning beauties for an automobile tour of the city Sunday afternoon, and they created a sensation on Lake Shore drive.

The special train is equipped with every convenience for the comfort of the beauties, and is made up of compartment and baggage cars. A Victoria with 1,000 records was put aboard at Chicago, and music is heard as the special swings toward the coast.

Slight Chance Of Getting 'Billy' Soon

Indications Are It Will Be Two
Years Before Sunday Holds
Revival Here.

There is little prospect today of an early Billy Sunday revival meeting in the National Capital, and indications are that it will be two years before Mr. Sunday can come to this city.

The Rev. Clarence A. Vincent, pastor of the Mount Pleasant Congregational Church, has received a brief letter from Evangelist Sunday, who promises to "talk the matter over" with him this fall when the two meet in Baltimore.

In the same letter, however, Billy Sunday calls attention to the fact that he has engagements for two years ahead and the inference is that strong pressure will have to be brought if any of these engagements are broken for the sake of a Washington revival.

Dr. Vincent was chairman of the Pastors' Federation, which invited Mr. Sunday to come here this fall and conduct revival services.

German Ships in U. S. Safe Unless War Is Declared

German vessels now tied up in American ports would not be affected by the severance of diplomatic relations between the United States and Germany. They would be affected only in case of war.

This is the statement made today by navy officials.

Should war come, they asserted, no doubt this country would seize the enemy ships in her ports.

The German boats in American ports are carefully guarded by American coast guard and naval vessels. Except as to those interned, any German vessels in American ports can go to sea if they are unarmored.
